Framing the Conference

Integration, Innovation and Sustainability

A Shared Agenda for Population Ageing

Hangzhou | 27–30 October 2026

One region...Multiple perspectives

...One shared journey

Longer lives

A changing world

From continental giants to small island states — one extraordinarily diverse region.
Our region
Asia and the Pacific

Macau 2001

Indonesia 2024

Changing perspectives on demographic change

Phase 1 – Addressing the situation of older people

- Emerging awareness of demographic change

Phase 2 – Older people in ageing societies

- Reactive responses and standalone policies

Phase 3 – Designing longevity societies

- Integrated solutions for changing societies as a whole, as they age
